Team -

Our seniors should have access to the finest quality health care in the world. One way seniors get better health care is with Medicare Advantage (MA). MA plans provide our seniors with more choices in their health care. Over 15 million seniors have MA plans because they want better benefits, lower costs and higher quality care.

Unfortunately, when Obamacare passed it cut billions from Medicare, including [\\$300 billion just from Medicare Advantage](#).

This is bad news for Louisiana seniors. It means that seniors will pay more, wait longer and have fewer options.

Since Democrats passed Obamacare, I've been fighting to reverse these cuts to MA and Medicare. In fact, an effort I led last year actually stopped some MA cuts. But Obamacare is putting seniors back on the chopping block this year.

I'm fighting to permanently reverse these cuts and protect our senior's health care. But I need your help to do it! Please make a [contribution](#) today of \$25, \$15 or \$10 to help me continue the fight. Also, please [join](#) my campaign team to stay updated on our efforts to protect health care choices.

Sincerely,
