Team –

Medicare is a sacred trust. Our seniors paid into Medicare their entire working lives and they deserve the benefits they paid for. That's why it's wrong that Obamacare cut billions of dollars from Medicare.

Since these cuts were made, I've been leading the charge to reverse them. I led a bi-partisan group of members last year and we stopped some of these Medicare cuts.

This week, I sent a letter with more than a hundred bi-partisan Members of Congress asking for these Medicare cuts to be stopped again.

The facts are clear; we wouldn't be in this situation if Obamacare hadn't passed. Now, we need to do what we can to stop this law from hurting our seniors.
